

~~CONFIDENTIAL~~

29 August 1950

MEMORANDUM FOR: CHIEF, STB

SUBJECT: Special Projects

1. The following paragraph of the Joint Training Committee of 3 August 1950 is furnished for your information:

25X1A9a

[REDACTED] brought up the problem of sending instructional material used in the United States to overseas training areas. These materials must be screened and approved before they can be forwarded. After discussion the Joint Training Committee recommended the establishment of a Review Board for Overseas Material. This board would consist of an OSO representative, probably Mr. [REDACTED] Chief, Staff C, a representative of OPC, probably the Operational Security Officer, and a representative of TRD. In addition, TRD would provide the secretary for the meetings."

25X1A9a

2. It is anticipated that upon the approval of the new T/O such requests will be included in the Special Projects Branch. However, until such time as the T/O is approved and the organization effected, it will be necessary to conduct this responsibility by means already available within the Training Division. Therefore, would you nominate from within your branch the Training Division representative for this ad hoc committee for the review of overseas training material. It would also be advisable for the secretary noted in the last sentence of the minutes to be the secretary of the individual nominated.

3. Please submit the names requested above and I will take the necessary action to so notify the individual and furnish necessary guidance.

Document No.
